

CASE STUDY

CareerHive

Grow on purpose.

A career-growth workspace: learn, prove your progress, ask for your next role.

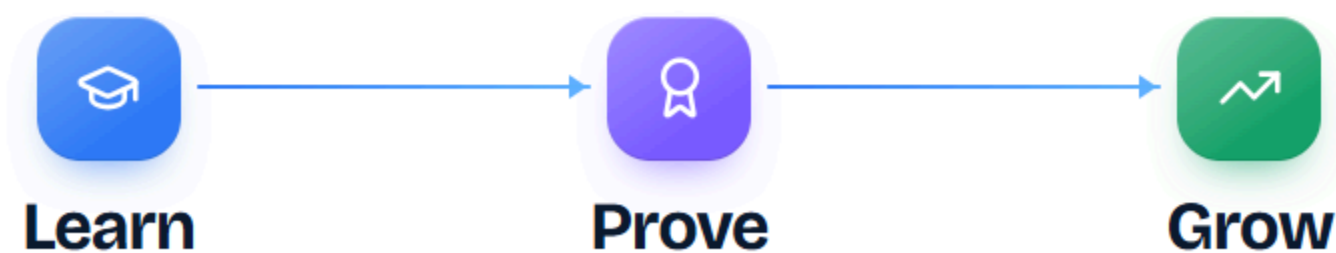

THE PROBLEM

Growth gets lost between **tools**.

-  Training in spreadsheets
-  Promotions as a black box
-  Approvals by email

CAREERHIVE PUTS IT ON ONE PATH

WHAT'S INSIDE

Nine features, one workflow.

Promotion requests

Formations & content

Two-stage reviews

Skills & analytics

CV coach

Team chat

Live notifications

Feed & profiles

Accounts & roles

How the pieces talk.

A React SPA talks JSON with a JWT; the server pushes notifications back over Server-Sent Events.
